Make no mistake if you are looking for a project, your a builder or you have a knack for finding homes that need some TLC well your in luck. The bones of the home are good but some work is needed. Over the years there has been some movement nothing to major, inside some plastering, expansion joints & cornice need some attention.

The property, however, offers so much that once the minor issues are fixed you have a great home on a fantastic sized block in the ideal location. 3 Bedrooms, 1 bathroom, multiple living areas, double car garage, separate laundry is what inside offers.

Outside you are purchasing a 1052 sqm block with a fully functional inground pool. So your options here are as such - Knockdown and rebuild but leave the pool, fix up the issues and you have a great home in a great location or knockdown & subdivide subject to council approval.
